Going down grade is the time chosen for the fireman to go out ahead and pour melted tallow into the two brass cups upon the "steam chests." The steam being shut off, the fireman opened the ice-covered cab door, and with his "tallow can" in one hand, and clinging to the frosty handrail with the other, he ran out upon the "running-board," stepping lightly upon the "steam chest" to the "bummer," and was passing round the other side of the engine, when he lost his footing, slipped upon the glassy surface and fell. With instinctive forethought he threw himself face forward toward the smoke box, and caught at the head light brackets; but the sleet had made them too slppery to hold by. He missed his hold and fell through the space between the bumper and the smoke box. Fortunately, he fell upon a bar of the front truck, upon which his leg caught. AUTOBIOGRAPHY

PRICES REDUCED!

RECOLLECTIONS OF A BUSY LIFE including Reminiscences of American Politics and Politicians. From the opening of the Missouri Contest to the Downfall of Slavery. To which are added Miscellanics. Also, A Discussion with Robert Dale Owen on the Law of Divorce. By Horack Greeker. In one elegant octavo volume. Beautifully printed and handsomely bound. Illustrated with Steel Portrait of Mr. Greeley, also with wood engravings of "The Cot where I was Born," "My First School House," "Portrait of Margaret Fuller," "My Evergreen Hedge," "My House in the Woods," "My Present Home," "My Barn,"

It is believed that these autobiographical reminiscences will be not only entertaining and attractive, but of permanent value to all students of the times we live in: forming, as they do, a record of the inner life and inspiration of one who has actively shared in the many strange intellectual and political phases through which Angerica has gone during the past thirty years which America has gone during the past thirty years of intense vitality.

Mr. Greeley himself gives the best indication of their nature, when he says: "I shall never write anything else into which I shall put so much of myself, my experiences, notions, convictions, and modes of thought as these Recollections. I give, with small reserve, my mental history."

RADWAY'S

Sarsaparillian Resolvent Has made the most astonishing cures. So quick, so rapid are the changes the body undergoes under the influence of this truly Wonderful Medicine that

Every Day an Increase in Flesh and Weight is Seen and Felt.

Scrofuls, Consumption, Syphibis in its many forms Glandular Disease, Licers in the Threat and Mouth Tumors, Nodes in the Glands, and other parts of the system: Soro Eyes, Strumous Discharges from the Ears Eruptive Diseases of the Eyes, Nose, Mouth, and the worst forms of Shin Diseases; Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysleelas, Acne, Black Spots, Worms in the Flesh, Tumors, Capcers, in the Womb, and all weakening and painful discharges; Night Sweats, and all wastes of the Life Principle, are within the Curative range of Radway's Facciple, are within the Curative range of Radway's Sar-saparillian Resolvent, and a few days' use will prove to any person using it for either of these forms of disease

its potent power to cure them.

Not only does the Sarsaparillian Resolvent excel al known remainly agents in the cure of Chronic, Scrofulous, Constitutional, Skin and Syphiloid diseases, but it is the only positive remedy for

CHANICS. A Descriptive and Historical Account of Hydraulic and other Machines for Raising Water. Hustrated by nearly Three Hundred Engravings. Sixteenth edition. By Thomas Ewbank. Price, 85.00.

THE TRUE THEORY OF CURE. RADWAY'S SARSAFABILLIAN RESOLVENT supplies the system, through the blood, urine, sweat, and structure, making constituents, with Tissue-making, Flesh-making, Heat or Caloric and Fat-making elements. All of its constituents are nourishing, purifying, and strengthening. It repairs, heals, resolves, and drives out of the body the products of decay and corruption. Consumption, White Swelling, Droppy, Syphilis, Cancer, Theorem, &c., are all of a scrofulous diathesis, and, as such, are within the curative range of the Sarsaparittien Resolvent.

are within the curative range of the Sarsaparitien Rerolvent.

That Scrofuls, by whatever name designated, is the
result of deposits from the blood, induced or caused by
chronic inflammation. That those deposits take ulace
when the blood is peer, weak, watery, and incapable of
hobling in solution its proper constituents, or from the
presence of some virue or poison in the blood, as Mercurs, Calomel, Corrosive sublimate, which is the Corrosive Chloride of Mercury, or other agents, given in
medicines, and which enters largely in the common
advertised Sarsaparillus, not absorbed or changed from
their untural condition.

That unless the repairs or nutriments are greate
than the wastes, that decomposition and decay will su
pervene, and the powers of life become exhausted.

That the dying body cannot be sustained on any
treatment of medication that exhausts the system or
fails sto nourish the blood, the only medium through
which the vital forces are preserved, and on which the
growth of the body depends.

OVARIAN TUMOR CURED. Nover has a medicine taken internally been known to have cured tumors either of the womb, uteri, overries, or bowels; the knife has been the sole reliance in the hands of experienced surgeons; but Dr. Radway's Sarsaparillian settles this question. For it has cured over twenty persons of Ovarian Cysts and Tumors, as well as Tumors in the bowels, uterus, womb, liver, Dropsical Effusion, Ascites, and Calculus Concretions.

Tumor of Twelve Years' Growth Cured by Radway's Resolvent. BEVERLY, MASS., July 18, 1869. DR. RADWAY-I have had Ovarian Tumor in the ovaries and bowels. All the doctors aid "there was no help for it." I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no faith in it, because I had suffered for twelve years. I took six bottles of the Resolvent, one box of Radways Pills, and used two bottles of your Ready Relief; and there is not a sign of a Tumor to be seen or felt, and I feel better, smarter and happier than I have for twelve years. The worst Tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish it if you choose.
